

HOIST LIFTRUCK IS THE LEADER IN FORGING TRUCKS!

WARM. WARMER. HOT!

You've found the forklift leader for the foundry/forging industry.

Some of the largest foundry/forging companies in the world rely on Hoist forklifts to be workhorses for its operations. With capacities up to 100,000 pounds, these rugged, durable forklifts are available with a variety of attachments and can be custom-designed for specific applications. With superior delivery times and parts/service support, Hoist Liftruck is the HOT choice.
