

**Service & Parts Support**

# Your Satisfaction is Our #1 Priority

Our customer service doesn't end when you purchase a Hoist liftruck. We want to ensure your satisfaction with Hoist for as long as you own our product. We understand the importance of minimizing downtime for repair or maintenance. Many companies lose hundreds, even thousands, of dollars for each hour of downtime. Hoist's dedicated and knowledgeable staff is ready to assist you 24/7 with everything from parts to service support.

## Reputable Dealerships

Our exclusive Hoist dealerships are committed to providing the best service and parts support possible. Service technicians at each location are Hoist-certified and have the knowledge and resources to get you up and running quickly and efficiently. Hoist dealerships are located throughout the United States and around the world. To locate a Hoist dealer in your area, visit our website at [www.hoistlift.com](http://www.hoistlift.com).

# Made in the USA

Every component on a Hoist liftruck is sourced from the United States, with more than 75% of the components manufactured by Hoist Liftruck. The combination of quality in-house manufacturing and partnerships with reputable vendors allows Hoist to have the fastest lead times in the industry. This combination also allows Hoist to provide 24/7 parts and service support by stocking more than \$4 million in parts inventory for same- or next-day delivery. Parts not in-stock or are usually available in 1-3 days or same-day from a local Hoist dealership. Hoist-certified technicians are available at each Hoist dealership, and service representatives are available around the clock by contacting Hoist.

**Expect a quality level of support from Hoist Liftruck...nothing less.**
